*CONSIDERATION OF APPROVAL OF THIRD REVISION OF MONITORING AND REPORTING  
PROGRAM*  
for

**SPANISH FLAT WATER DISTRICT  
MONTICELLO CEMETERY DISTRICT  
AND NAPA COUNTY  
SPANISH FLAT WASTEWATER TREATMENT AND DISPOSAL FACILITY  
NAPA COUNTY**

On 14 March 2005, the Spanish Flat Water District, Monticello Cemetery District, and Napa County (jointly known as "Discharger") were issued a second revision of Monitoring and Reporting Program (MRP) No. 93-236 which requires, among other items, that groundwater monitoring wells be installed and monitored at the Spanish Flat wastewater treatment facility. This item was originally scheduled for the 4 May 2006 meeting of the Regional Water Board. However, based on discussions between Regional Water Board staff, the Discharger, and their attorney, the item was not heard. Since that time, staff inspected the site and observed possible monitoring well locations. However, the Discharger has not installed the wells, and in a 1 July 2006 letter and a 30 August 2006 conference call with Regional Water Board staff indicated that they did not believe that the groundwater monitoring requirement in Revised MRP was appropriate.

Regional Water Board staff have prepared a third revised MRP providing extended timelines for the installation and monitoring of wells at this facility, and will ask that the Regional Water Board approve the MRP.

A **formal** public hearing concerning this matter will be held during the Regional Water Board meeting which is scheduled for:
